**Note: Standards Committee Chair shall submit the agenda to Staff for posting.**

**Antitrust Policy Statement:** The AMPP Antitrust and Rules of Antitrust Compliance contained in the *AMPP Global Center Policies and Procedures Charter* shall be followed in standards development. Additionally, in discharging their responsibilities, members of the Standards Program Committee and Standards Committees function as individuals and not as agents or representatives of any organization with which they may be associated, except that government employees participate in accordance with governmental regulations. Members are appointed to Standards Committees on the basis of their individual qualifications that enable them to contribute to the work of the Committee.

### **Intellectual Property: Logo, Business Card, Copyright, Patent and Trade Names:**

AMPP/NACE/SSPC reserves the right to copyright any of its products, databases, audio/visual products or any other subject matter. AMPP is responsible for communication, publication, and distribution in order to protect its products regardless of the means of distribution in print, databases, electronically, or any other method. This is intended to protect AMPP from unauthorized reproduction, republication, or redistribution of AMPP IP, including altering or removing any trademark, copyright or other notice from such material.

The Logo Policy contained in the *AMPP Global Center Policies and Procedures Charter* defines the use of the AMPP Corporate Logo, Association Name, and all related trademarks, tradenames, and other intellectual property as property owned by AMPP and cannot be used in full or in part without express prior written permission.

The AMPP Copyright, Patent and Trade Names Policy contained in the *AMPP Global Center Policies and Procedures Charter* shall be followed in standards development. As a participant in technical committees, individuals agree that the collective work of the committee(s) is the property of AMPP. In cases dealing with American National Standards, ANSI's patent policy (see *ANSI Essential Requirements*) shall be followed. It is AMPP policy that the property rights of third parties shall be respected and not be infringed upon by AMPP employees, members, or other participants. This agreement is intended to achieve the core purpose and accomplish the mission of AMPP and its members. When any Standards Committee member becomes aware that a standard under development might infringe on any patented or licensed technology, AMPP staff should be notified. As a participant in AMPP Standards Committees, individuals

agree that the collective work of the committee(s) is the property of AMPP, and AMPP is charged with its publication, dissemination, and protection pursuant to U.S. Copyright Law.

Any recording (including audio or video) of meetings is not permitted.
